

Level III Roads

- This level includes County roads classified as local. Level III roads are the remaining roads which are not included in Level I and/or Level II above and are mostly those roads located within subdivisions and low volume roads serving a remote area or location. Level III roads will normally be plowed and /or sanded as needed for snowfalls exceeding four inches, after the needs of Level I and Level II are met. Plowing and sanding operations will normally be carried out between the hours of 4:30 a.m. – 3:00 p.m. This priority level will normally be provided within 24-48 hours after snowfall has ended.
